4C Spider

SEDUCTIVE ITALIAN DESIGN

- Handcrafted in Modena, Italy, the Alfa Romeo 4C Spider combines two excellences – Alfa Romeo engineering and Maserati manufacturing-into one. Distinctive Italian design from a century-old carmaker, the Alfa Romeo 4C Spider features performance oriented lines, a driver centric interior design and is highlighted with opulent materials

ULTRA-LIGHTWEIGHT DESIGN

- Formula 1 inspired carbon fibre monocoque chassis
- Aluminum front & rear sub-frames
- Carbon fibre windshield surround
- Sheet Moulded Compound (SMC) body panels
- Removeable and trunk stowable soft-top and available carbon fibre hard top

THE HEART AND SOUL

- Mid-Engine, all-aluminum direct-injection 1750 Turbocharged I4 engine generating 237 hp and 258 lb-ft torque
- 0-100 km/h in 4.1 seconds¹
- Top Speed of 258 km/h
- Weight to Power 4.8 kg / hp

RACE-INSPIRED PERFORMANCE

- Alfa Twin-Clutch Automatic 6-speed Transmission
- 4-mode D.N.A Drive Mode Selector – includes All-Weather, Natural, Dynamic or Race
- Double-wishbone front suspension and MacPherson Strut rear suspension
- Performance 4-wheel ventilated disc brakes with Brembo® calipers on the front
- Pirelli® P Zero 3-season Performance tires

PERFORMANCE-FOCUSED COCKPIT

- High performance composite-framed leather sport seats
- Exposed carbon fibre monocoque
- 3-spoke flat-bottom leather-wrapped steering wheel with paddle shifters
- 7-inch full colour Thin Film Transistor Display (TFT)
- Aluminum racing pedals
