## Canada: 2023 Dodge Charger Fact Sheet

September 1, 2022, Windsor, Ontario - The Dodge Charger remains North America's only four-door muscle car, with a 2023 lineup that delivers the ultimate in high performance, comfort, and road-ready confidence, from the most powerful and fastest mass-produced sedan in the world – the "Demon-possessed" 807-horsepower Charger SRT Hellcat Redeye Jailbreak – to V-6 efficiency and all-wheel-drive (AWD) capability.

The Charger lineup offers a full range of powerful engine options and eight distinct models designed to meet the wants of a wide range of Dodge performance enthusiasts:

- The award-winning 3.6-litre Pentastar V-6 engine with up to 300 horsepower on the Charger SXT, SXT AWD, GT and GT AWD models
- The legendary 345 HEMI® V-8 with 370 horsepower on R/T models
- The naturally aspirated 392 HEMI V-8 with a best-in-class 485 horsepower, on Scat Pack 392 models
- The 717-horsepower 6.2-litre supercharged HEMI SRT Hellcat and SRT Hellcat Jailbreak V-8
- The 807-horsepower supercharged 6.2-litre HEMI high-output V-8 on the SRT Hellcat Redeye Jailbreak and 797-horsepower supercharged 6.2-litre HEMI high-output V-8 on the SRT Hellcat Redeye

Standard on every Dodge Charger model is the innovative TorqueFlite eight-speed automatic transmission.

Charger allows enthusiasts to create their own one-of-one muscle car, with Jailbreak models that unleash full access to the entire palette of Dodge personalization options. Widebody, Daytona, stripe and graphics packages deliver additional customizable options.

The Charger is unrivaled when it comes to sheer horsepower, all-wheel-drive capability available on V-6 models, overall interior roominess, performance options and packages, and unique heritage design cues that Dodge//SRT customers count on in the world's only four-door muscle car.

### New for 2023

- Jailbreak models, introduced last year for the 6.2-litre HEMI high-output V-8 Charger SRT Hellcat Redeye, are now available for the 6.2-litre HEMI V-8 SRT Hellcat, offering more owners the chance to unlock the full menu of Dodge personalization options
- Heritage colours, returning for the 2023 model year, include Destroyer Grey, Plum Crazy and B5 Blue – part of a lineup of 14 exterior colour options for the 2023 Charger
- Additional information on special edition 2023 model year Dodge Charger vehicles will be announced later

### Highlights

- Charger SRT Hellcat Redeye is the most powerful and fastest mass-produced sedan in the world:
  - 0-60 miles per hour (mph) acceleration of 3.6 seconds
  - World's fastest four-door muscle car with a top speed of 327 kilometres per hour (km/h) (203 mph)
  - Quarter-mile elapsed time of 10.6 seconds at 208 km/h (129 mph)
  - With the supercharged 6.2-litre HEMI high-output V-8, the Charger SRT Hellcat Redeye cranks out 797 horsepower @ 6,300 rpm and 707 lb.-ft. torque @ 4,500 rpm
  - Charger SRT Hellcat Redeye Jailbreak boosts output to 807 horsepower with a revised powertrain calibration
  - The Charger SRT Hellcat Redeye's supercharged high-output engine is paired with the proven and robust heavy-duty TorqueFlite 8HP90 eight-speed automatic transmission

- Internal changes to the transmission include an upgraded torque converter
- Charger SRT Jailbreak models, available for SRT Hellcat and SRT Hellcat Redeye Widebody, unlock colour combinations previously restricted from ordering when choosing a variety of vehicle options, such as seats, wheels, exterior badging and stripes, brake caliper colour and much more:
  - Jailbreak model for Charger unlocks option combinations in more than 20 categories
  - Models include exclusive Jailbreak interior badging
  - Jailbreak boosts output of SRT Hellcat Redeye Widebody to 807 horsepower with a revised powertrain calibration
  - Jailbreak models also provide the key to access Jailbreak exclusive factory-custom options, such as Hammerhead Grey Laguna leather seats
  - Those looking for inspiration can use “recipes” direct from the Dodge Product Design Office and available in the Jailbreak order guide, including “Old School” and “Brass Funky” ordering combinations
- HEMI Orange and SRT Black packages, introduced in 2022, continue as available packages for Charger for 2023 model year:
  - HEMI Orange Appearance Package, available on GT RWD and Scat Pack Widebody models, pays homage to the iconic HEMI engine that has powered Dodge muscle cars for decades
  - HEMI Orange exterior is dressed up with orange tracer stripe, orange badging accents, orange brake calipers, Carbon Black “Warp Speed” or Medium Gloss Black wheels
  - Interior delivers orange stitching on seats, steering wheel, doors and more, contrasted with blacked-out interior modifications
  - Scat Pack Widebody adds orange-and-black “392” instrument panel badge
  - Seatbacks on HEMI Orange embroidered with monochromatic Dodge Rhombi logo
  - SRT Black Package customizes Charger SRT Hellcat and SRT Hellcat Redeye with sleek, blacked-out look
  - SRT Black Package features Midnight Grey Metallic badging and Black Nickel exhaust tips
- Efficient TorqueFlite eight-speed transmission is standard on all Charger models and provides optimized fuel economy while enabling maximum performance with 160-millisecond shifts and rev-matching on Charger SRT Hellcat
- SRT Drive Modes, standard on Charger SRT Hellcat Redeye, SRT Hellcat and Charger Scat Pack, allow owners to tailor their driving experience by controlling transmission shift speeds, steering, paddle shifters, traction and suspension. Drive Modes are pre-configured for Sport, Track and Default settings, while Custom Mode lets the driver select their preferred settings
- Widebody Package, available on Scat Pack and standard on SRT Hellcat and SRT Hellcat Redeye, features a modern exterior with fender flares integrated into the front and rear fascias, which adds 3.5 inches of width over the 20-by-11-inch wheels riding on wide 305/35ZR20 Pirelli P-Zero performance tires
  - Paired with an SRT-tuned Bilstein three-mode Adaptive Damping Competition suspension to answer performance enthusiasts’ desire for a factory-production Charger with even more grip
  - Front fascia includes the mail-slot grille, providing the most direct route for cool air to travel into the radiator and maintain ideal operating temperature even in the hottest conditions
  - Side sills connect the front and rear fascias to help amplify the integrated design
- Charger SRT Hellcat Redeye, SRT Hellcat and Charger Scat Pack feature standard Launch Control, Launch Assist and Line Lock
  - Launch Control – manages tire slip while launching the vehicle to allow the driver to achieve consistent straight-line acceleration
  - Launch Assist – uses wheel speed sensors to watch for driveline-damaging wheel hop at launch and, in milliseconds, modifies the engine torque to regain full grip
  - Line Lock – engages the front brakes to hold the vehicle stationary but leaves the rear wheels free for a burnout to heat up and clean the rear tires
- Charger SRT Hellcat Redeye and SRT Hellcat feature Torque Reserve and Race Cooldown
  - Torque Reserve – closes a bypass valve to prefill the supercharger and manages fuel flow

- and spark advance to balance engine rpm and torque; generates a reserve of torque that is delivered upon acceleration from a standing stop
- Race Cooldown – keeps cooling the supercharger/charge air cooler after the engine is shut off by running the intercooler pump and radiator fan
- Charger SRT Hellcat Redeye and SRT Hellcat feature electric power steering (EPS) for better steering feel – making it easier to turn at parking lot speeds
  - EPS is calibrated via settings in the SRT Performance Pages to optimize steering effort for a variety of driving situations
- Charger SRT Hellcat and SRT Hellcat Redeye models feature a functional performance hood that gives them an even more sinister look
- Charger Scat Pack offers the most horsepower per dollar, featuring the 392 HEMI V-8, which punches out 485 best-in-class naturally aspirated horsepower and 475 lb.-ft. of torque and features standard SRT Performance Pages, Brembo brakes and 20-inch aluminum wheels
- All HEMI V-8 Charger models feature a standard 2.75-inch electronically controlled active exhaust system, which delivers a signature Dodge muscle-car sound
- Premium French live-stitch instrument panel and door uppers on all models equipped with leather
- Charger R/T and Charger GT models feature a standard performance suspension, Bilstein shock absorbers, 3.07 rear axle ratio on Charger GT models, enhanced steering, steering wheel with paddle shifters, Dodge Performance Pages with the 8.4-inch Uconnect screen, performance bolstered seats and 20-inch Satin Carbon and Black Noise wheel options
- Charger R/T and Charger GT models receive the performance look and features standard with the performance hood, fascia, sculpted side sills, spoiler and seats
- Charger is North America's only four-door muscle car and the only four-door muscle car that offers all-wheel drive (AWD) capability on both Charger SXT and Charger GT models
- Charger SXT AWD and GT AWD includes the technologically advanced AWD system with a segment-exclusive active transfer case and front-axle disconnect system to improve real-world fuel economy
- Charger GT AWD model maintains the performance look and features, including performance hood, fascia, sculpted side sills, spoiler, high-bolstered seats and performance steering wheel with paddle shifters, and mixes it up with all-weather capable all-wheel drive on North America's only four-door muscle car
- Harman Kardon audio system with amplifier and 19 GreenEdge speakers available in Charger SRT Hellcat, Charger Scat Pack 392 and Charger R/T models
- Apple CarPlay and Android Auto are standard across the Charger lineup
- Charger offers more than 80 available safety and security features, including Full-speed Forward Collision Warning–Plus, Adaptive Cruise Control–Plus with Full Stop and Lane Departure Warning with Lane Keep Assist

### **Model Lineup**

For 2023, the Dodge Charger lineup consists of eight models:

- Charger SXT
- Charger SXT AWD
- Charger GT
- Charger GT AWD
- Charger R/T
- Charger Scat Pack 392 (available with Widebody)
- Charger SRT Hellcat (Widebody only; also available with Jailbreak)
- Charger SRT Hellcat Redeye (Widebody only; also available with Jailbreak)

### **Available Exterior Colours**

- B5 Blue (New for 2023)
- Destroyer Grey (New for 2023)
- F8 Green
- Frostbite
- Go Mango
- Granite
- Octane Red

- Pitch Black
- Plum Crazy (New for 2023)
- Sinamon Stick
- Sublime Green
- TorRed
- Triple Nickel
- White Knuckle

#### **Available Interior Colours**

- Black
- Black/Houndstooth
- Black/Ruby Red
- Black/Sepia
- Black/Demonic Red
- Black

#### **Dodge//SRT**

For more than 100 years, the Dodge brand has carried on the spirit of brothers John and Horace Dodge. Their influence continues today as Dodge shifts into high gear with a lineup that delivers unrivaled performance in each of the segments where they compete.

Dodge drives forward as a pure performance brand, offering SRT versions of the Dodge Challenger, Dodge Charger and Dodge Durango, as well as an R/T plug-in hybrid electric vehicle (PHEV) version of the all-new 2023 Dodge Hornet, representing the brand's first-ever electrified performance vehicle. Dodge delivers the drag-strip dominating 807-horsepower Dodge Challenger SRT Super Stock; the 797-horsepower Dodge Charger SRT Redeye, the most powerful and fastest mass-produced sedan in the world; the Dodge Durango SRT 392, North America's fastest, most powerful and most capable three-row SUV; and best-in-class standard performance in the compact utility vehicle segment with the Dodge Hornet. Combined, these four muscle vehicles make Dodge the industry's most powerful brand, offering more horsepower than any other North American brand across its entire lineup.

In 2020, Dodge was named the "#1 Brand in Initial Quality," making it the first domestic brand ever to rank No. 1 in the J.D. Power Initial Quality Study (IQS). In 2021, the Dodge brand ranked No. 1 in the J.D. Power APEAL Study (mass market), making it the only domestic brand ever to do so two years in a row.

Dodge is part of the portfolio of brands offered by leading global automaker and mobility provider Stellantis. For more information regarding Stellantis (NYSE: STLA), please visit [www.stellantis.com](http://www.stellantis.com).
