FCA Canada: 2019 Ram ProMaster Fact Sheet

August 21, 2018, Windsor, Ontario - The ProMaster is Ram Commercial's entry for the Class 2 full-size van segment. The 2019 Ram ProMaster full-size van benefits from an exclusive front-wheel-drive (FWD) system, keeping the cargo-load-floor height and step-in height very low. It also helps in low-traction surfaces, like on snow and ice, since there is always weight on the front wheels to provide traction. The result is a purpose-built, highly customizable van designed to exceed the demands of commercial customers and upfitters.

New for 2019:

- Three new models:
 - ProMaster 2500 Cargo Van 136-inch wheelbase low roof
 - ProMaster 3500 Cargo Van 136-inch wheelbase low roof
 - ProMaster 3500 Cargo Van 136-inch wheelbase high roof
- Highest available standard payload in the segment
 - ProMaster 1500 – 1,814 kilograms (kg) (4,000 lb)
 - ProMaster 2500 – 1,918 kg (4,230 lb)
 - ProMaster 3500 – 2,123 kg (4,680 lb)
- Thirty per cent increase in towing capacity, up to 3,084 kg (6,800 lb)
- Trailer-Tow Group
- Fleet telematics (late availability):
 - Usage tracking and driver behaviour
 - Vehicle diagnostics and performance data
- Vehicle System Interface Module (VSIM) with 13 inputs and 41 outputs (54 total)
- Available interior LED lighting 20 times brighter and newly integrated motion sensors to add convenience
- RAM grille with black bumpers and side panels replace grey
- Polycarbonate side rear windows available on high roof models
- Available side rear window with steel grates on low roof models
- Black steel wheel option with black centre cap
- Colours include Walnut Brown Metallic, Patriot Blue Pearl, School Bus Yellow and Squid Ink (fleet only)

Highlights:

- ProMaster best-in-class features:
- Standard V-6 horsepower (hp) – 280 hp
- Turning diameter – 11.1 metres (36.3 feet) on 118-wheelbase model
- Standard interior ceiling height – 1,651 millimetres (65 inches)
- Load floor height – 533 millimetres (21 inches)
- Cargo width between wheel wells – 1,422 millimetres (56 inches)
- Maximum cargo width – 1,575 millimetres (62 inches)
- 2019 Ram ProMaster features the 3.6-litre Pentastar V-6 engine paired with a proven six-speed automatic transmission
- Class-exclusive front-wheel drive system

FCA Canada

Founded as the Chrysler Corporation in 1925, FCA Canada Inc. is based in Windsor, Ontario, and celebrates its 97th anniversary in 2022. FCA Canada is a wholly owned subsidiary of FCA, a North American automaker based in Auburn Hills, Michigan and member of the Fiat Chrysler Automobiles N.V. (FCA) family of companies. FCA Canada has approximately 440 dealers that sell Chrysler, Dodge, Jeep®, Ram, FIAT and Alfa Romeo products, as well as SRT performance products. The company also distributes Mopar and Alfa Romeo parts and accessories. In addition to its assembly facilities, which produce the Chrysler Pacifica, Chrysler Pacifica Hybrid, Chrysler Voyager and Chrysler Grand Caravan (Windsor) and Chrysler 300, Dodge Charger and Dodge Challenger (Brampton), FCA Canada operates an aluminum casting plant in Etobicoke, a research and development centre in Windsor, and has sales offices and parts distribution centers throughout the country.
