Stewart, Mark
Chief Operating Officer, FCA - North America

Mark Stewart was appointed Chief Operating Officer, FCA - North America in 2018. He serves as COO for the North American region and is a member of the Group Executive Council (GEC) for Fiat Chrysler Automobiles N.V.

He also was appointed to the FCA US LLC Board of Directors in December 2018.

Previously, Stewart was Vice President of Operations for Amazon since 2017. He was the lead executive for customer fulfillment across 200 operations facilities in North America. In this position, he was also responsible for overseeing operations, procurement, construction and engineering with teams dedicated to pursuing automation, artificial intelligence and advanced robotics and conveyance.

Prior to that, Stewart was Executive Vice President and Chief Operating Officer for ZF TRW Automotive. He also held a number of positions with increasing responsibility at TRW Automotive, Inc.

He spent the first years of his career in manufacturing with TRW Inc., and later Tower Automotive, Inc. Stewart has been based in the U.S., Belgium, Germany and China with a variety of experiences in production, quality and engineering.

His work experience and academic background include:

- 2018 - current, Chief Operating Officer, FCA – North America
