February 4, 2019, Auburn Hills, Mich. - FCA US is celebrating the 35th anniversary of the minivan as the originator and leading innovator in the segment it created in 1984.

New for 2019, the 35th Anniversary Edition is available on Chrysler Pacifica, Pacifica Hybrid and Dodge Grand Caravan models, featuring new badging, an all-black interior with Cranberry Wine accent stitching, and upgraded content, in addition to the already extensive list of standard equipment.

The first modern minivan rolled off the Windsor Assembly Plant line on Nov. 2, 1983, sparking a new segment of people movers that rose in popularity very quickly, transporting millions of moms, dads and kids, and becoming part of their families.

FCA US minivans are now appealing to a new generation. Kids who used to ride in the second row are now in the driver's seat, making memories with families of their own.

With more than 14.6 million minivans sold globally since 1983, FCA US tops the segment, selling twice as many minivans as any other manufacturer over the past 35 years, and remains the leader with 55 percent market share in 2018 – the highest ever attained.

"We created the minivan segment, we're proud of our place in it, and we will continue to innovate like we've done with the first hybrid minivan, industry-exclusive Stow 'n Go seating, Uconnect Theater with 10-inch touchscreens in the second row and much more," said Steve Beahm, Head of Passenger Car Brands, Dodge//SRT, Chrysler and FIAT – FCA North America. "More than 14.6 million families have created lasting memories in their minivans

throughout the past 35 years, through home projects, road trips, soccer practice, you name it. There is no better way to commemorate the anniversary of the people mover that does it all, than by introducing an Edition that offers even more value to today's families."

FCA US invented the modern minivan for the 1984 model year with the Dodge Caravan and Plymouth Voyager. The first luxury minivan, the Chrysler Town & Country, debuted in 1989. The company still leads the way with the best, most innovative vehicle to move people and things – 115 minivan-first innovations and 14.6 million minivan sales later. Through all six generations of the minivan, FCA US has continued to deliver versatility, functionality, safety and technology.

Chrysler Pacifica/Pacifica Hybrid 35th Anniversary Edition

Celebrating its status as the most awarded minivan of the past three years, with more than 100 awards the Pacifica revolutionizes the minivan segment by offering class-leading gasoline and hybrid powertrains and nearly 40 new minivan-first features.
